Office Memorandum • UNITED STATES GOVERNMENT

TO : Assistant Director, Research and Reports

DATE: 7 December 1950

FROM : Chief, Map Division, O/RR

SUBJECT: Statement of Projects undertaken within D/Ma

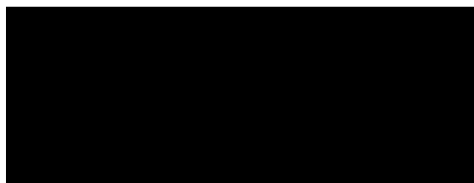

~~CONFIDENTIAL~~

1. In accordance with your verbal request of 4 December 1950, we have prepared the attached list of specific projects in progress or under consideration within the area of the Division responsible for geographic research and reporting exclusive of map compilation and construction.

2. This list is a factual statement of both scheduled and non-scheduled projects. It should not be considered as a production plan, but does indicate the general groupings under which we have been operating in conducting our research and reporting.

3. It is assumed that standard procedures will be established for initiating, publishing, issuing, and reporting progress on research projects within O/RR. The Division hopes that these standard procedures will be so formulated that its own research and production, including its compilation and construction of maps, will be handled as a normal segment of O/RR production.
